

Save time while Maximizing wholesale revenue. Buy or Sell with ACV.

ACV is a full service online LIVE auction. **ACV** moved a record of 17,000 cars in April of 2019, and they are still growing!

ACV Auction's number one objective is to be the trusted way dealers source their wholesale vehicles. **ACV** provides the most technologically advanced platform and have assembled dedicated teams of experts to oversee the entire auction process. Their end-to-end services include:

- Sending teams of **ACV** inspectors directly to a franchise dealership to complete comprehensive condition reports, and to launch cars as wholesale vehicle auctions.
- **ACV** has specific Territory Managers to ensure dealers have on site help and support.
- **ACV** provides dedicated teams of Account Managers to support buyers and help them achieve success.
- **ACV** provides specialists to manage payments, title transfers and arbitration making it the most efficient way to do business.

Every vehicle listed by an **ACV** inspector includes a comprehensive condition report that is way more thorough than the industry's standard report. **ACV** wants to make sure dealers know exactly what they are buying.

SAVE TIME! Dealers don't have to worry about sending a valuable person from their staff.

ACV's impartial condition reports, complete with detailed photographs, allow buyers to have the luxury of knowing everything about a vehicle before they purchase, removing the uncertainty of buying from the physical auction.
