

# Submit warranty claims more efficiently, and recover revenue opportunities

**WarrCloud** is the industry leader and the first and only company to automate the manufacturer's warranty claims process for automotive dealerships. Warranty claims processing costs consume the auto dealer's profits.

The **WarrCloud** technology platform transforms an auto dealerships largely manual claims process to an efficient automated process which reduces dealer labor and process cost, increases warranty processing speed and identifies and realizes new revenue opportunities.

**WarrCloud** customers consistently achieve higher OEM Warranty Claim Scores. With over 500 sold dealership customers, **WarrCloud** has been recognized as a Finalist in the Automotive News PACEPilot program which recognizes technology innovations, as well as the Navicon Cup award in 2022 and the Fixed Ops Roundtable Best Practice award in 2021.

**WarrCloud** is headquartered in St. Louis, MO. Learn more at [WarrCloud.com](http://WarrCloud.com), or reach out to Jim Roche at [Jim.roche@warrcloud.com](mailto:Jim.roche@warrcloud.com) (760)-613-3982
